## I-Medic 20

Item no.: E89BD...

### ARMRESTS

Armrests D2, multifunctional armrests height and width adjustable (via clip closure) with soft armrest pad, separately radial- and depth adjustable

### FABRICS

**Seat:**

W50-W59 (100% Polyester)

**Backrest and headrest:**

Self supporting mesh,  
black or white

### DIMENSIONS

Weight: approx. 28 kg

### FACTS

Ergonomics examination at basic model Ergo Medic 100-2

**wagner**  
**PHYSIO THERM®**  
Infrarotkabinen

### EQUIPMENT

High backrest with breathable self-supporting mesh cover in the colours black or white, height adjustable via ratchet mechanism

Convenient, ergonomic shaped moulded seat with integrated seat-depth and seat-angle adjustment, including patented 3D - Dondola® - seat joint

Including special depth suspension

Battery pack installed underneath the seat (charging adapter included in the delivery)

Point syncro mechanism with spring tension

Design aluminium base polished

3D - infrared emitter with 36V technology for contactless, homogenous and distance-independent heat transfer throughout the entire central back area for every back shape

User recognition via seat contact

Integration of the technology underneath the seat

Two intensities of the infrared emitter are available:  
Heat load: rapid locally focused warming of the back muscles

Heat application: for local warming of the central back area, general warming and support of mental relaxation exercises at the workplace

Load-dependent braked safety castors either available for soft or for hard floors
