Bewegung – Der zentrale Bestandteil unseres Lebens Movement – The central element of our life

Design, das bewegt. Bewegung, die sitzt.

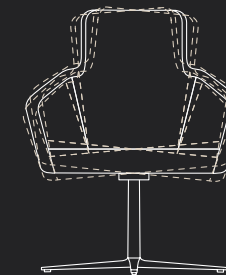

Wir sind Wagner, eine traditionsreiche Stuhlmarke, die das Wohlbefinden der Menschen in den Mittelpunkt stellt. Für uns entsteht Wohlgefühl, wenn Design, Bewegung und Freiraum harmonisch zusammenwirken. Durch kontinuierliche Forschung und Entwicklung haben wir innovative Patente entwickelt, die nicht nur gesundes Sitzen ermöglichen, sondern auch Raum für Bewegung schaffen – sei es im modernen Büro, im anspruchsvollen Zuhause oder in der gehobenen Gastronomie.

Feel the movement, live the design.

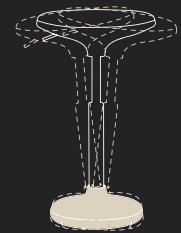

We are Wagner, a traditional chair brand that focuses on people's well-being. For us, well-being is created when design, movement and freedom interact harmoniously. Through continuous research and development, we have developed innovative patents that not only enable healthy sitting but also create space for movement – whether in the modern office, in the sophisticated home and gastronomy.
